

Guest Wireless Access

The Guest wireless access will be available by selecting "BillingsClinicGuest." The login portal will display as follows:

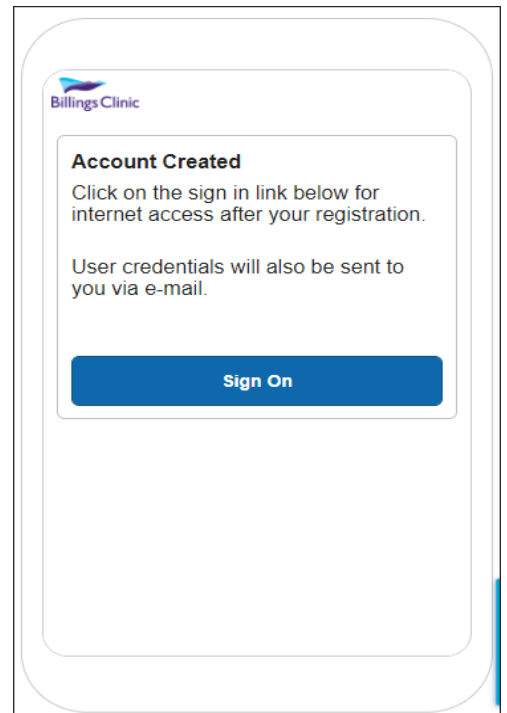

A screenshot of the guest login portal. It features the Billings Clinic logo at the top left. Below it, a "Welcome" message states: "For 'Guest' access, use the 'Register' link below. Billings Clinic employees log in with Username and Password." There are two input fields: "Username:" and "Password:". Below these fields is a blue "Sign On" button and a blue link that says "Register for guest access".

The registration screen will look as follows. Fill in your First Name, Last name, Email address, read the terms and conditions and check the box at the bottom to accept them. Then click on Register.

A screenshot of the registration form. It features the Billings Clinic logo at the top left. Below it, a "Registration" section asks the user to "Please complete this registration form:". There are three input fields: "First name*", "Last name*", and "Email address*". Below these fields is a scrollable area containing a policy statement: "Please accept the policy: You are responsible for maintaining the confidentiality of the password and all activities that occur under your username and password. Cisco Systems offers the Service for activities such as the active use of e-mail, instant messaging, browsing the World Wide Web and accessing corporate intranets. High volume data transfers, especially sustained high volume data transfers, are not permitted. Hosting a web server or any other server by use of our Service is prohibited. Trying to access someone else's account, sending unsolicited bulk e-mail, collection of other...". There is a checked checkbox below the policy statement. At the bottom of the form are two blue buttons: "Register" and "Cancel".

You will then see this screen, click sign on and your device will connect.

Lastly you will see this screen confirming that you are connected.

*Please note, some devices, such as iPhones, do not automatically re-join the wireless network. If you do not receive service within a few seconds, please check your wireless network connection to make sure that you have "auto-join" selected for the "BillingsClinicGuest" network. You may also need to either reselect the BillingsClinicGuest SSID or disable/enable your wireless to force a reconnection.
